## Policy on Financial Refunds for Withdrawal

- Refund of costs is made only for reasons of illness; withdrawal because of illness must be recommended by a physician and certified to the dean.
- Refunds for a withdrawal because of illness are calculated by prorating fees for the period from the date of withdrawal to the end of the semester. The amounts to be prorated are one-half of the semester's total tuition and room charges, if any, and three-fourths of the board charge, if any. No refund is made for the activity fee or any other fees. Refunds are credited to financial aid accounts, to the extent of any financial aid; any balance is credited to the student's account.
- Any student who is a federal loan recipient will have his or her refund subject to the provisions of federal regulation (specifically, 34 CFR 668.22).
- Payment of a credit balance occasioned by a refund for withdrawal is made during the month following withdrawal by check payable to the student at the home address.
